Chair of Governors

Sacred Heart Catholic Primary School

Aims

The health, safety and welfare of all the people who work or learn at our school are of fundamental importance. We aim to provide a safe, secure and pleasant working environment for everyone. The governing body, along with the LA, takes responsibility for protecting the health and safety of all children and members of staff.

This policy should be read in conjunction with the school's Health & Safety policy and the Intimate Care policy.

Every Child Matters Outcomes: Be Healthy; Stay Safe; Enjoy and Achieve; Make a Positive Contribution

Procedures:

Minor Injuries – Cuts

1. Children are sent in to First Aid in pairs.
2. The First Aider should wear clear plastic gloves when dealing with blood related injuries
3. All blood related swabs used to mop up injuries should be placed in the red bin at the first aid station
4. When bathing a wound use either a wet tissue or a wipe and apply gently to the affected area.
5. Dry with a tissue carefully.
6. Apply a plaster if necessary, but check with the list displayed in the staff room and in the rucksack to make sure that the child is not allergic to plasters
7. Write all accidents in the accident book. This is kept in the Medical room.

Minor Injuries - Bumps

1. For a cold compress use the ice packs. These are kept in the freezer in the office room.
2. ALL HEAD INJURIES MUST BE REPORTED IMMEDIATELY TO THE OFFICE. The office staff will then contact parents depending on the injury.
3. Parents may need to be contacted about their child if accidents/illness. Keep the conversation calm and explain what has happened. Decide if they need to pick their child up or if they need to go to hospital. The

Sacred Heart Catholic Primary School

Head of School or Senior Management should be kept informed at all stages and should deal with these matters.

4. Write all accidents in the accident book. There is one in each classroom medical box and the Medical room.
5. If the injury involves a “bump” to the head the child will be given a letter to give to their parent/guardian on return home.

Other Injuries/illnesses

If a first aider judges that a child is sufficiently unwell or hurt to remain in school contact will be made initially with the child’s parents or guardians to come and collect them. If they are not available contact will be made with any other emergency contacts known to the school (SIMS database).

If contact cannot be made a judgement will be made with the Head of School or Assistant Headteacher about taking the child to the local hospital. They will be accompanied by a member of staff who has appropriate insurance for their car to transport children and holds an enhanced CRB who will remain with the child until a parent or guardian can take over or child protection measures are initiated.

Write all accidents in the accident book. There is one in each classroom medical box and the Medical room.

Serious Injuries/illnesses

1. Call 999
2. Contact parents
3. Write all accidents in the accident book. There is one in each classroom medical box and the Medical room.
- 4.

In the event of a serious incident the HCC Injury and Dangerous Occurrence report will be completed and sent to the Health and Safety team at County Hall (see attached).

Playground Procedures

Help cards are used to inform of an emergency in the playground at playtime and lunchtime and the person sending one in is asking for assistance. A help card may be given to a child to bring in to admin staff. Similarly a help card is also kept in each classroom and at the exits of each playground with the name of the area displayed on it to alert another member of staff that help is required.

In the event of a medical emergency, lie the patient in the recovery position, stay with the patient, send for another adult and call an ambulance if required.

Sacred Heart Catholic Primary School

A list of children with medical conditions is available on the staff room notice board and in teachers files.

FIRST AID

FIRST AID BOXES ARE LOCATED AT THE FOLLOWING POINTS:

Medical Room

The Administrative staff are responsible for regularly checking that the contents of first aid boxes are complete and replenished as necessary. A check should be made at least termly.

The following staff are available to provide first aid -

TRAINED TO FIRST AID AT WORK LEVEL:

- *Anna Smith*
- *Georgina Montalvo*

TRAINED TO EMERGENCY AID LEVEL:

- *Veronica Graham*
- *Eloise Candillo*
- *Maggie O'Connor*
- *Julia Pepper*
- *Suzanne Pryke*
- *Rebecca Diaz*
- *Monica Zajac*
- *Georgina Montalvo*

TRAINED TO EYFS STANDARD (PAEDIATRIC FIRST AID):

- *Phil Jennings*
- *Hannah Tizzard*
- *Lorraine Stapleton*
- *Derval Loftus*

The Head of School will ensure that First Aiders have a current certificate and that new persons are trained should first aiders leave.

The Administrative staff will check that any vehicles are properly equipped with first aid boxes before they are used.

Transport to hospital

Sacred Heart Catholic Primary School

If the First Aider or Head of School considers it necessary, the injured person will be sent directly to hospital (normally by ambulance). Parents and/or guardians will also be informed. No casualty should be allowed to travel to hospital unaccompanied and an accompanying adult will be designated in situations where the parents cannot be contacted.

The school will follow the procedure for completion of incident/accident records in accordance with HCC guidance.

Emergency: tel: 999

Hospital A&E departments: Mount Vernon Hospital 01923 826111

Watford Hospital 01923 244366

Schools nurse: 01923 470657 07827230894

NHS direct etc: 0845 4647

Blood Spillages

HCC guidance on Protection from Blood borne viruses and basic infection control will be followed.

INTIMATE CARE

We always have a sensitive approach where the issue of soiling occurs. All members of staff have attended child protection training and are aware of correct procedures namely:

- If it is possible have two adults present.
- If not, leave the toilet door open and make sure another member of staff is aware of what is happening.
- If a child can clean and change him/herself they do, if not staff wear protective clothing and clean and change the child.
- At break and lunch times the members of staff on duty should send the child to the medical room to be changed.

Monitoring and review

The Governing Body, in consultation with professional advisers, carries out regular risk assessments to ensure that the school is a safe environment.

The Head of School implements this policy on a day-to-day basis, and ensures that all staff is aware of the details of the policy as it applies to them.

Sacred Heart Catholic Primary School

The Head of School reports to governors annually on health and safety issues.

Disability Equality Scheme

This policy supports the school's Disability Equality Scheme and it is available in a range of different formats, for disabled parents and the wider public.
